Agreed outcomes (short term outcomes from the person centred plan):

Strengths:

I would like to know more about:

How we are going to do this:

What might be easy?

What might be difficult?

How we can best work together:

- We need to act safely at all times.
- We agree to give each other our best attention.
- We will be ready for the start of each session with things we need.
- We agree to listen so other people feel heard.
- We agree to communicate politely and safely what we need to happen and how we feel, such as: a 😞 or a 4 might mean I want to stop now.
- We follow our agreement for using IT safely
- We need to keep to the time of the session.
